

## **Trailer Race Rules**

We will be running 2 classes. Full size trucks and SUV's. Other class will be small trucks, small suv, cars and vans.

All glass must be removed.

No 4x4 allowed! If vehicle is 4x4 one drive shaft must be removed.

Jeans, long sleeve shirt, closed toe shoe, full face helmet and eye protection is required.

Chicken wire or bars are highly recommended to be placed in windshield area.

Must use a ball style hitch. You cannot weld ball of hitch to tongue of trailer.

Must have safety chains in place. May use log chain if security mounted.

Trailer must start with minimum of 2 wheels.

When the trailer is removed from the ball or if axle is removed from the trailer you will be disqualified.

Any wheel and tire

Frames may be re-enforced

Custom built bumpers are allowed.

If you get hung up on another vehicle for 2 or more laps we will stop the race and remove you and you may continue.

You are allowed one fire. If deemed safe you will be allowed to continue. Second fire you are done.

Allowed one roll over

Roll cages are highly recommended

Functioning breaks are required

No loose objects allowed on trailer or in vehicle.
